

Second National Basic Concept Dermatology Course

17th to 23rd June 2019

17th June (Monday)

First Day: Introductory Day

Timing		Activity	Purpose	Dead Time Activity
From	To			
0800	0930	Registration		Fill the Questionnaire to assess yourself
0930	1100	Introduction	What, Why & How to achieve in this course	Distribution of learning outcomes of whole course
1100	1130	TEA BREAK		
1130	1230	How to enhance own Learning	Empowering students about their own learning	
1230	1330	Group Activities Identifying importance, limitations of mind, how to fool own mind, self-directed learning, How to study quickly & effectively	How to maximize learning with minimum efforts	

1330	1430	How to multiply time for learning	To extract time to learn despite busy life	Filling Questionnaires to know about identifying your own deficiencies of time management
------	------	-----------------------------------	--	---

19th June (Wednesday)

Second Day

Timing		Activity	Purpose
From	To		
0800	0900	Anatomy / Physiology	Relating Lesion with underlying Anatomy & Pathology
0900	1000	Basic/ Secondary Lesions	
1000	1100	Shapes & Patterns	
1100	1130	TEA BREAK	
1130	1230	Color / Scales / Signs	Relating Lesion with underlying Anatomy & Pathology
1230	1330	How to examine further	Practical Demonstration on live cases
1330	1430		

20th June (Thursday)

Third Day

Timing		Activity	Purpose
From	To		
0800	0900	Causes of Diseases	Overview of all diseases and how to differentiate the major groups
0900	1000	Principles of inflammation	Understanding the "mother" of majority of skin diseases
1000	1100	Principles of inflammation (Ctd)	
1100	1130	TEA BREAK	
1130	1230	Principles of Immunology	Understanding the pathogenetic process of majority of skin diseases
1230	1330	Principles of Genetics	Understanding the role of genetics in producing the diseases and how students should decipher mode of inheritance while interviewing patients
1330	1430	Principles of Infections	To understand the concepts regarding general behavior of all microorganism producing diseases

22nd June (Saturday)

Fourth Day

Timing		Activity	Purpose
From	To		
0800	0900	Principles of learning Blistering Disorders	Tips to learn blistering disorders
0900	1000	Principles of learning Blistering Disorders	
1000	1100	Principles of Investigations	How to investigate any case
1100	1130	TEA BREAK	
1130	1230	Principles of learning Keratinization disorders	Making most difficult topic amazingly simple
1230	1330	Principles of learning Keratinization disorders	
1330	1430	Principles of using steroids	Learning essential tips to use steroids

23rd June (Sunday)

Fifth Day

Timing		Activity	Purpose
From	To		
0800	0900	Principles of Drug Therapy	What students must know before prescribing any drug to his/her patient
0900	1000	Principles of cutaneous surgery	Imparting Hands-on training of essential Cutaneous Surgical Procedures
1000	1100	Biopsy	Imparting Hands-on training
1100	1130	TEA BREAK	
1130	1230	Incisions	Imparting Hands-on training
1230	1330	Stitching	
1330	1430	Equipment Essential	Imparting Hands-on training

6th Day of assessment (Any Saturday of any Month)

Sixth Day: Assessment

6th Day for assessment (any Saturday of any month) is left at the disposal of participants. When the participant assumes that he/she has successfully achieved the explicitly described learning outcomes of the Course, he/she may contact course organizers to take the exam. Duration of exam will be 2 hours and will be held for minimum of 20 participants on a mutually agreed time on specified day.
